

APRIL VACATION CAMP

FLIGHT AND AERONAUTICS

STEAM-centered program introducing the science and engineering of aeronautics and flight. Campers start with the basics of flight by testing designs of paper and foam airplanes, crafting airfoils and making propellers and engines, eventually building and flying drones.

Cost: \$50

April 15 - April 19, 2024

9am-2:30pm

Ages 9-13
